

## Press Release

Damco Kitchens, Melbourne's premier kitchen and bathroom designers and renovators, bag the **top 2 national awards from Master Builders Australia in 2016** and one as **Winner of HIA Victorian Renovated Kitchen 2016**.

The **National awards** are for the  
**Best Kitchen under \$40,000 from Master Builders**  
**Best Bathroom under \$30,000 from Master Builders**

Each year Master Builders Australia acknowledges excellence in the building and construction industry through its prestigious National Excellence in Building and Construction Awards.

The 2016 National Awards presentation, held in the Great Hall, Parliament House-Canberra recently gave away awards under many categories.

Damco Kitchens, which is renowned for providing winning designs at an affordable price, was delighted to receive the top awards after a tough competition.

Providing award-winning designs at a very affordable price, Damco Kitchens also make the kitchen renovation process very simple and easy. Proficient in making custom made kitchens that maximises the use of the current space of your home, Damco Kitchens are excited to receive the top award of HIA Victorian Renovated Kitchen 2016 as well.

"The HIA CSR Victorian Housing and Kitchen & Bathroom Awards this year were again extremely competitive. All winners and finalists should be proud to have reached the heights of building standards demonstrated in these quality homes" said Gil King, HIA Regional Executive Director - Victoria.

More Information on Master Builders National Awards are as follows:

### **Master Builders Best Kitchen under \$40,000**

Based in Templestowe the project is designed by Rick Dalla and Riva. To achieve an instantly recognisable host of aesthetics the design of this

kitchen was based on a simple and elegant modern style incorporating clean lines and a sleek finish.

A non-removable supporting wall was turned into a sophisticated feature through the use of decorative panels that extend the flow of the timber on the floors and incorporates it into the kitchen design.

Space was allowed for a deep pantry with two large refrigerators tucked in neatly within the cabinetry, and the beam above the kitchen window was lowered and lengthened to maximise the amount of light and expand the view of the garden.

### **Best Bathroom under \$30,000**

Based on a project in Brighton East by Rick Dalla and Riva again, the transformation of this expansive bathroom into a sleek and stylish space required stripping the ensuite all the way to the frame, as well as some structural work to incorporate a laundry chute to the downstairs laundry.

Focus was placed on the free-standing bath, frameless walk-in shower, and the premium quality cabinetry offset by a two-toned colour palette of imported tiles and black quartz bench tops. These luxurious fittings are enhanced by the decorative lighting that fills the room with ambient lighting.

### **About Damco Kitchens:**

We are a Customer Centric company who continuously innovates to keep abreast with our customer's needs and choices. **About Master Builders Australia:**The Master Builders Association of Victoria was established in 1875 by a group of distinguished builders intent on raising standards within the industry. Since that time the organisation has grown to become a pre-eminent industry voice with

members universally renowned for their reliability, skill and professionalism.

For more information on Master Builders Australia go to <http://www.mbav.com.au>

**About Housing Industry Association:**

The Housing Industry Association (HIA) is Australia's largest residential building organisation. Members include builders, trade contractors (carpenters and joiners, bricklayers, plasterers, tilers and electricians to painters and roofing contractors), design professionals, kitchen and bathroom specialists, manufacturers and suppliers.

With a network of more than 40,000 members, HIA is the voice of Australia's home building industry. HIA is unique. It is the only national industry association for all building professionals, representing the interests of the whole housing industry. HIA members are committed to promoting the highest standards of customer service, workmanship and business conduct, as well as full compliance with all applicable laws, regulations, codes and standards. They also subscribe to a strict code of conduct that sets acceptable standards of commercial behaviour, which provides additional peace of mind for homeowners.
